AUDIMUTE® — DESIGNER SOUND SOLUTIONS

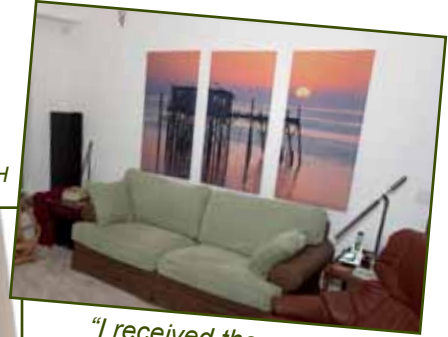

Why Buy Audimute Acoustic Panels?

- **Superior Performance** — Highly effective NRC of 1.0
- **Endless Design Options** — Variety of shapes and sizes, 1000+ fabric selections, custom images
- **Green** — Made with eco-C-tex, the greenest acoustic absorption material in the marketplace
- **Quick and Simple Installation** — Mounting hardware reduces installation time and cost by 50%
- **Safe** — Meet your acoustic needs with a safe alternative to fiberglass
- **Handcrafted** — High-quality design and workmanship; assembled by hand in the USA

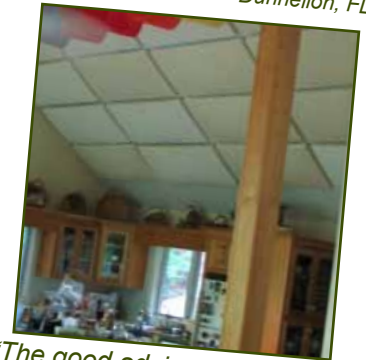

"Though our space is begging for dances and live music, bands were telling us they wouldn't perform there due to the sound problems. We installed your panels, and the echoes have ceased and the sound quality has improved 100%!"

Sara D. — Athens, OH

"I received the panels a little while ago and they are magnificent. Please extend my appreciation to the whole team."

John G. — Dunnellon, FL

"The good advice and overall help I received was so refreshing."

Victor F. — Las Vegas, NV

"I am a video editor, and I needed a solution to absorb unwanted reflections in my edit suite while still keeping the room aesthetically pleasing. Audimute Acoustic Panels were a perfect fit! They are great to look at and excellent at absorbing unwanted reflections."

Michael B. — Acton, MA

"Hanging the panels couldn't be easier; it's as easy as hanging a picture."

Chris A. — Ballwin, MO

"The panels have 'taken the edge off' just as we hoped, and it is noticeable to our patrons. I would not call it quiet in the main room, but that is not what we want; we need a sense of excitement and activity but not so you have to shout across the table at your friends. So, mission accomplished!"

Chris E. — Jackson, WY

Acoustic Wall Panel Pricing*

Standard Panels — 2" Thick

Available in 11 standard Class A fire-rated (ASTM E-84) fabric colors. Orders typically ship within one week of order date depending on order size. (Note: Wall mounting hardware not included in the pricing below.)

Custom Fabric Panels† — 2" Thick

Over 1,000 Guilford of Maine and CF Stinson custom fabrics available. All custom fabrics are Class A fire-rated (ASTM E-84). Orders typically ship within 2-4 weeks of order date. Pricing based on orders of 10 or more panels. †1' x 2' custom fabric panels require a minimum order of 15 panels. An additional \$10-\$50 per panel may apply depending on fabric selection for any order of less than 10 panels. See our Website or call 866-505-MUTE for fabric price group information or to obtain a firm quote. (Note: Wall mounting hardware not included in the pricing below.)

1' x 2'†	2' x 2'	2' x 3'	2' x 4'
\$45 - \$55/panel	\$60 - \$70/panel	\$80 - \$100/panel	\$90 - \$110/panel

Custom Size Panel Options

We will work with you to integrate your color, image or fabric selection into a custom-size panel that will meet your needs. For sizes larger than those in the table below, please consider a collage of multiple panels to create your overall desired panel size.

Custom Size Panel pricing varies based on quantities and panel style (standard fabric, custom fabric or image panel).

Call us today and speak with an acoustic consultant to learn more about our custom size panel offerings.

Orders typically ship within 2-4 weeks of order date. Some custom size panel orders may require additional production time to achieve the highest quality hand-crafted product.

Panel	Standard Fabric Panel	Custom Fabric Panel	Image Panel
Maximum Size	5' x 8' (60" x 96")	5' x 8' (60" x 96")	7' x 8' (84" x 96")

Panel Clips - Wall Mounting Hardware

We recommend using one panel clip for all standard-sized vertical panel installations and two panel clips for 2' x 3' and 2' x 4' horizontal panel installations. For triangle panel installations, we recommend using one panel clip.

QTY	1-50	51-100	101-200	201+
PRICE	\$1.00 each	\$0.85 each	\$0.75 each	\$0.65 each
